Dear Bob:

Your letter of January 25, 1973 to Mr. Giambusso concerning the extension of the construction permit completion date for Zion Station Unit 1, and your letter dated January 29, 1973 to Mr. DeYoung concerning the extension of the construction permit completion date for the Kewaunee Nuclear Power Plant have been referred to me for response.

In your letters you suggest that certain Orders issued by the Commission are invalid and you request that they be vacated and set aside. We are seriously considering your statement of position and have taken the matters under advisement.

We will advise you of our decision as soon as possible.

Sincerely,

Joseph Gallo
