Kennedyville, Maryland 21645

In the Matter of Wisconsin Public Service Corporation,
Wisconsin Power and Light Company and Madison Gas
and Electric Company, Kewaunee Nuclear Power Plant,
Docket No. 50-305

Gentlemen:

Enclosed is the testimony which Applicants intend to introduce into evidence at the hearing in this proceeding. The proposed testimony includes the following:

Exhibit A: Proposed Testimony with regard to
Intervenors' Radiological Contentions

Exhibit B: Proposed Testimony with regard to
Intervenors' Environmental Contentions

Exhibit C: Preoperational Thermal Monitoring
Reports

Exhibit D: Preoperational Radiological Monitor-
ing Reports

Applicants also intend to introduce into evidence the Final Safety Analysis Report, together with all amendments thereto, the Environmental Report - Operating License Stage, together with the Supplement and all amendments thereto, and the information and analysis submitted to AEC on January 16, 1973, with respect to the effects of fuel densification on the Kewaunee plant.

Applicants have submitted no testimony on Intervenors' Contention 4.4.3 because Intervenors have failed to identify the code to which the contention pertains, as required by para. 7(d) of the Licensing Board's Prehearing Conference Order of January 7, 1973.

The introduction of the above is not intended to broaden the scope of this proceeding beyond those contentions admitted by the Licensing Board in its Prehearing Conference Order.

Respectfully submitted,

A handwritten signature in dark ink, appearing to read "Bruce W. Churchill", followed by a stylized mark that looks like a checkmark or a flourish.

Bruce W. Churchill
Counsel for Applicants
