Subject: **GLOBAL LASER ENRICHMENT PROGRAM CYBER SECURITY PLAN (PCSP-01)**

Dear Ms. Holahan

GE-Hitachi Global Laser Enrichment (GLE) hereby formally requests a 90 day extension to the current Designated Approval Authority (DAA) Accreditation of the Automatic Data Processing (ADP) systems currently accredited under the Program Cyber Security Plan, PCSP-01, *GLE Engineering Environment*. This extension is requested due to the anticipated merger of two system security plans, PCSP-01 and Program Cyber Security Plan, PCSP-02, *GLE Industrial Controls System Environment*. Upon submittal of the merged system security plans, GLE will formally request review and re-accreditation of both networks.

If there are any questions regarding this letter and its contents, please do not hesitate to contact me or Max Robertson at (910)819-2206 or Max.Robertson@ge.com.

Sincerely,

Julie Olivier  
Manager, GLE Licensing
