Mike,

NINA has reviewed the STP 3&4 Chapter 12 Advanced SER and determined that the document does not contain any proprietary information and may be released to the public.

Regards,

Coley Chappell

Importance: High

Coley et al,

In preparation for the upcoming 2011 ACRS ABWR subcommittee meetings in support of the South Texas Project Units 3 & 4 COLA, I have attached the Phase 4 SER/OIs for Chapter 12 along with a transmittal letter. Please note that the enclosed SER and letter are electronic courtesy copies provided in order for NINA to begin a proprietary review. Hard copies are also being mailed to Mr. Scott Head. We are requesting for NINA to perform their proprietary review within 10 days from the date of the above letter. Until a determination that the enclosures do not contain proprietary information, these documents should not be released to the public. In addition, both documents are password protected at this time.

In addition to Chapter 12, NRC staff plans to present Chapter 2 and Appendix 19A at the June 21, 2011 ACRS ABWR subcommittee meeting. We have already exchanged draft meeting agendas and other details will follow. Please let me know if you have any questions.
