Dear Ms. Berlandi:

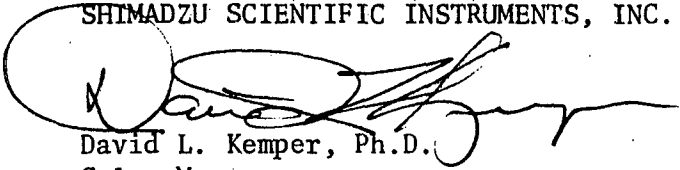

This letter is to provide the following information to your state NRC regulatory agency.

- No information is provided to a customer or end user on disassembly procedures for any ECD cell assembly we manufacture.
- All disassembly and cleaning or disposal of ECD Ni63 foils are the responsibility of New England Nuclear, our supplier.
- There is no need nor reason for a customer to disassemble our ECD cells.

If we can be of further help, please let us know or have your regulatory agency call us directly.

Very truly yours,

SHIMADZU SCIENTIFIC INSTRUMENTS, INC.
