MEETING REPORT

DATE: May 24, 2011

TIME: 2:30 p.m.

PLACE: Grand Hyatt Hotel
1750 Welton Street
Denver, CO
303-295-1234

PURPOSE: AUC LLC (AUC) requested this meeting to update the NRC staff regarding its proposed Reno Creek In Situ Recovery Site (ISR), Campbell County, Wyoming. An agenda for this meeting is provided as Attachment 1.

ATTENDEES:

See Attendees List (Attachment 2).

BACKGROUND:

AUC is preparing an application for a proposed uranium ISR facility known as the Reno Creek site in Campbell County, Wyoming.

DISCUSSION:

NRC staff read the opening statement for the meeting and then AUC gave a slide presentation, which is found in Attachment 3. The slide presentation covered the following topics:

- AUC Participants
- Regulatory process update
- Update on ecological surveys, wetlands
- Meteorological update
- Preliminary MILDOS run

AUC focused on its method for demonstrating that any given year of meteorological data collected onsite will be representative. They accomplished this by plotting wind roses for multiple years for a multiple weather stations. Staff noted that this is a deviation from Regulatory Guide 4.14; however, the presented method could still be acceptable.

ACTIONS: None
