**Subject:** Luminant Submits Two Update Tracking Reports

Luminant has submitted to the NRC the attached Update Tracking Reports (UTRs):

TXNB-11041      Environmental Report UTR Rev 6, which maintains consistency with the DCD, responses to RAIs, and the FSAR, and provides schedular information. The changes do not impact the conclusions provided in the ER. The attachment is not included because of size (~40 mB).

TXNB-11042      FSAR UTR Rev 8, which maintains consistency with the DCD, designates conceptual design information, and provides information required by COL Information Items. The public version without SUNSI is attached.

If there are any questions regarding these submittals, please contact me or contact Don Woodlan (254-897-6887, [Donald.Woodlan@luminant.com](mailto:Donald.Woodlan@luminant.com)).

Thanks,

*John J. Conly*
