Gentlemen:

Subsequent to dispatch to us of your letter dated March 26, 1976, regarding conformance of the Kewaunee Nuclear Power Plant with 10 CFR 50, Appendix I, representatives of your staff attended a meeting at our Region III offices on March 30, 1976, wherein technical discussions of the submittal of data and methods of evaluation relative to Appendix I were conducted and additional guidance was provided. We believe that the large majority of the concerns expressed in your March 26, 1976 letter were addressed at that meeting. We are available, at your request, to discuss specific questions which you may have regarding information to be submitted or methods employed.

We, therefore, reiterate our request that you submit by June 4, 1976, as much of the material we have requested as possible and a schedule for submitting the remainder.

Sincerely,
