DEC 26 1972

Mr. E. W. James  
Senior Vice President  
Wisconsin Public Service Corporation  
P. O. Box 1200  
Green Bay, Wisconsin 54305

Dear Mr. James:

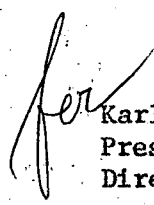

Reference R. C. DeYoung's letter of October 4, 1972, requesting additional information regarding the maximum containment pressure and the reactor building compartment differential pressures.

We have reviewed the attachment to your letter of October 18, 1972, and applicable portions of Amendment 22, submitted in response to the referenced letter and we find that additional information is required to complete our evaluation. The specific information required is listed in the enclosure and should be provided in sufficient detail for the performance of an independent analysis.

Our tentative schedule is based on the assumption that this additional information will be available for our review by January 10, 1973. If you cannot meet this date, please inform us within 7 days after receipt of this letter so that we may revise our scheduling.

Sincerely,

Original signed by  
L. P. Crocker
