Dear Mr. DeYoung:

Subject: Kewaunee Nuclear Power Plant  
AEC Docket 50-305

Your letter of January 22 relating to hydrologic engineering information asks for a response by February 14. We find that we will be unable to make the proper response by that date.

Accordingly, we request an extension of the time for reply until we are better prepared. This preparation may include discussion with your reviewers to clarify the assumptions stated in the attachment to your letter.

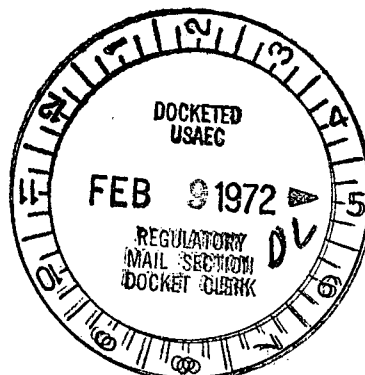

Very truly yours,
