Proposed Amendment 42a

Reference: Letter from E. R. Mathews to ONRR dated December 9, 1980

Proposed Amendment 42a to the KNPP Technical Specifications requested changes to Section 6 of the Technical Specifications. The changes were requested primarily to reflect the plant and corporate re-organization which occurred in March of 1980. During recent conversations with members of the staff, we have agreed to make the following changes to proposed Amendment 42a.
