Radiological Effluent Technical Specifications

Reference: Letter from D. C. Hintz (WPSC) to S. A. Varga (NRC) dated  
August 21, 1984

By letter dated August 21, 1984, Wisconsin Public Service Corporation committed to submitting the Kewaunee radiological effluent technical specifications (RETS) for your review by March 1, 1985. We have since determined that additional time is needed to finalize the technical specifications and to provide for proper in-house staff reviews. Therefore, consistent with our discussions with the Project Manager on February 21, 1985, we have enclosed three draft copies of the Kewaunee RETS. The final technical specifications will be submitted to you by March 31, 1985. We understand that this arrangement is agreeable to you.

We thank you for your cooperation.

Very truly yours,
