RADIOACTIVE MATERIAL USER PERMIT
(HUMAN USE)

A permit is hereby issued authorizing the individuals named herein to receive, acquire, and possess the radioactive materials listed below in the given quantities, and to use such radioactive materials for the purposes and at the place designated below. This permit is subject to all applicable rules and regulations of the Medical Center, and, in particular, to the provisions of Title 10, Part 20, Code of Federal Regulations, Chapter 1, "Standards for Protection Against Radiation". Radioactive materials specified herein shall be used only on the Medical Center premises and by, or under, the supervision of the named individuals.

Radioactive material for use in humans shall be acquired from a supplier who certifies the pharmaceutical quality and assay of such material. If radioactive materials are prepared within the Medical Center for human use, the methods of establishing pharmaceutical quality shall be approved by a Subcommittee of the Radiation Safety Committee. All users requiring check, calibration and reference sources are authorized under 10 CFR 35.65 to possess same.

Authority for the issuance of this permit by the Medical Center is provided for in the U.S. Nuclear Regulatory Commission Materials License number 24-00794-03
