Subject: Transmittal of Revised Draft of NEI 10-05, "Assessment of On-Shift Emergency Response Organization Staffing and Capabilities," Revision 0, dated June 2011

Project Number: 689

Dear Mr. McDermott:

The Nuclear Energy Institute (NEI)¹ and an industry task force have developed and are seeking NRC review and endorsement of NEI 10-05, "Assessment of On-Shift Emergency Response Organization Staffing and Capabilities," Revision 0, June 2011. To facilitate your review, a copy of this document is attached. This version supersedes the draft previously provided for staff review dated November 2010 (ADAMS ML 103260219).

The attached revised draft document incorporates the staff's comments provided to NEI and industry representatives during public meetings on March 2, March 29, and May 25, 2011.

¹ NEI is the organization responsible for establishing unified nuclear industry policy on matters affecting the nuclear energy industry. NEI's members include all utilities licensed to operate commercial nuclear power plants in the United States, nuclear plant designers, major architect/engineering firms, fuel fabrication facilities, nuclear material licensees, and other organizations and individuals involved in the nuclear energy industry.

Mr. Brian J. McDermott

NEI and industry members request that the document review schedule developed by the staff target an endorsement date of no later than November 1, 2011.

Please contact me at (202) 739-8016; spg@nei.org if you require additional information.

Sincerely,

A handwritten signature in cursive script, appearing to read "Susan Perkins-Grew".
