Here are the supplemental testimony from MD PPRP, reports and UniStar Reponses regarding changes to the UniStar original submittal to the PPRP. Most of it focuses on Water, Oysters, and air quality so I think I cc everyone I need to but feel free to forward to those I have missed. Please review and let Tom and I know if there are differing answers from UniStar that effect the EIS or if any in the attachments will have an effect on our EIS analysis.

Thanks
Laura
