Three Mile Island Nuclear Station, Unit 1  
Facility Operating License No. DPR-50  
NRC Docket No. 50-289

Subject: Three Mile Island Security Plan, Training and Qualification Plan, and  
Safeguards Contingency Plan, Revision 12

In accordance with 10 CFR 50.54, "Conditions of licenses," paragraph (p)(2), Exelon Generation Company, LLC (EGC) is submitting Revision 12 to the Three Mile Island Security Plan. Changes to this document were implemented on June 01, 2011. In accordance with 10 CFR 50.54(p)(2), EGC is submitting these changes within 60 days of implementation (i.e., no later than July 30, 2011).

The Security Plan, Training and Qualification Plan, and Safeguards Contingency Plan has been revised to:

1. Reflect changes to the Security Plan Figure #1, providing additional detail and updating specific locations of the off-site facilities, and LLEA command and marshalling locations.
2. Correct inaccurate information specific to the content of law enforcement response plans in response to the NRC Staff's reply to SFAQ 10-04.

EGC has concluded that the changes do not decrease the safeguards effectiveness of the Three Mile Island Security Plan, Training and Qualification Plan, and Safeguards Contingency Plan.

Attachments 1 and 2 contain Safeguards Information. Therefore, EGC requests that this information be withheld from public disclosure in accordance with 10 CFR 2.390, "Public inspections, exemptions, requests for withholding," paragraph (d)(1), and 10 CFR 73.22, "Protection of Safeguards Information: Specific Requirements," paragraph (a)(1)(i).
