February 14, 1979

NOTICE OF CANCELLATION OF HEARING

The Licensees, the NRC Staff, the Intervenors and the State of Wisconsin have jointly moved this Board for an order approving the withdrawal of Intervenors from this proceeding in accordance with a settlement agreement entered into among Intervenors, Licensees and the NRC Staff dated February 5, 1979. In the same motion, all three parties and the State of Wisconsin moved the Board for an order dismissing this proceeding.

The withdrawal of the only Intervenors removes both the need and the occasion for further evidentiary hearings in this proceeding. There are no longer any matters which the parties wish to resolve and, consequently, there are no issues to be heard by the Board. In addition, the Board is satisfied that the issues raised by the two Board questions posed in the Order dated October 11, 1978, have been adequately

addressed in the submissions of Licensees and the NRC Staff. Accordingly, the Board today has granted the joint motion and issued an order dismissing the proceeding which will terminate the proceeding before this Board.

Therefore, PLEASE TAKE NOTICE that the evidentiary hearing in this proceeding scheduled to convene on Tuesday, March 13, 1979, in Two Rivers, Wisconsin, is cancelled.

It is so ORDERED.

FOR THE ATOMIC SAFETY AND  
LICENSING BOARD

  
Robert M. Lazo, Chairman

Dated at Bethesda, Maryland,  
this 14th day of February, 1979.
