**Subject:** 2011-06-22 Hydrology Conference Call on June 28

At the conclusion of the Hydrology Audit, we "penciled-in" a conference call for June 28, 2011. The purpose call is to obtain any addition clarification regarding the needs of the NRC regarding the Open Items discussed at the audit. Luminant was to begin taking the actions identified during the audit and the NRC was going to re-examine the FSAR write-ups and the RAI responses.

We never set a time for the call. I propose 2pm EDT (1pm CDT) using the Luminant bridge line (866-857-6769, code 254 897 6887#).

Luminant will have an internal discuss on the 27<sup>th</sup>. If we have no topics to discuss, I will let you know. If neither the NRC nor Luminant has topics to discuss, we can cancel the call at that time.

Please let me know if these arrangements are okay.

Thanks,

**Donald R. Woodlan**
