Kewaunee Nuclear Power Plant
Emergency Plan Revision 21

Modifications have been made to the Kewaunee Nuclear Power Plant (KNPP) Emergency Plan. A description of the changes and the effectiveness evaluation is included as Attachment 1 to this letter. A copy of the revised Emergency Plan is included as Attachment 2 to this letter. Letters from Wisconsin Emergency Management, Kewaunee County Emergency Government and Manitowoc County Emergency Management that show support for the Joint Public Information Center location change are included in Attachment 3 of this letter. These changes do not decrease the effectiveness of the plan and continue to meet the standards of 10 CFR 50.47(b) and the requirements of Part 50, Appendix E; therefore, they are made in accordance with 10 CFR 50.54(q) and prior Nuclear Regulatory Commission approval is not required.

Pursuant to 10 CFR 50.4, two additional copies of this letter and attachments are hereby submitted to the U.S. Nuclear Regulatory Commission, Region III. As required, one copy of this letter and attachments is also submitted to the KNPP Senior Resident Inspector.
