Sure. Be glad to help. If you have not already discovered COINS (Community of Interest of New Supervisors), which Mary Jane Ross-Lee coordinates, I would encourage you to participate and use COINS as a forum to network with peers and seek their advice, too!

Thanks Mike. I apologize as I thought that news was shared and should have stated it when we briefed you Monday. I look forward to working on SOARCA and other key projects and have hit the ground running. I may seek your mentoring in the months to come if you have time. Pat
