Pat,

I can see your concern about item #4. If it is okay with you, I propose we talk about the other items (since they are mostly status updates), and not talk about item #4.

Thanks,  
Richard

Ok, let me know what you decide after discussing with Richard.

I'd like to use a few minutes at tomorrow's 11am to get Jennifer up to speed on the issues with the UA study.

Tina,

Could you follow-up with Jennifer and Kathy on these topics for discussion:

1. Proposal that staff is going to continue writing paragraphs for the steering committee to decide on. We would like to avoid another steering committee meeting until after the RIC due to the work ahead of us.
