Dear Mr. Hambrick,

The Seminole Tribe of Florida's Tribal Historic Preservation Office (STOF-THPO) has received Progress Energy Florida's transmittal letter and survey plan via the Jacksonville District Corps of Engineers regarding the aforementioned project. Due to the fact that the project area is within the geographic area considered by the Seminole Tribe of Florida to be ancestral, aboriginal, or ceded (NHPA 1966, Section b1, and 36 CFR, Section 800.2), the STOF-THPO would like to review the Phase I archaeological survey for the following project's finalized transmission line corridors before making any further comment. We thank you for the submittal of the survey plan and look forward to receiving the survey results. Please reference **THPO-006606** in any future documentation about this project.

Sincerely,

Direct routine inquiries to:
