Ladies/Gentlemen:

Docket 50-305 Operating License DPR-43 Kewaunee Nuclear Power Plant Updated Safety Analysis Report

Enclosed are two corrected pages which should be inserted into your Updated Safety Analysis Report (USAR) for the Kewaunee Nuclear Power Plant. These pages are being replaced due to two-sided copying errors.

Page 1.9-1 was incorrectly copied to the back of page 1.8-29 which should be tossed out with the rest of section 8 dated 7/1/91 and replaced with this year's section 8 dated 11/1/94. Page 1.9-1 is now duplexed with page 1.9-2 (enclosed).

Figure 14.3-7b should be replaced with this year's revision dated 11/1/94. Since Figure 14.3-8 is copied to the back of the old version of Figure 14.3-7b, Figure 14.3-8 is being issued separately with a blank page as a back sheet.

PAGES TO BE REMOVED	PAGES TO BE INSERTED	
1.9-1 and 1.9-2	1.9-1 and 1.9-2
