Ladies/Gentlemen:

Docket 50-305
Operating License DPR-43
Kewaunee Nuclear Power Plant
Emergency Preparedness Organizational Change

References: 1) Letter from C. A. Schrock (WPSC) to Document Control Desk (NRC)
dated June 22, 1992

Reference 1 informed the NRC of organizational changes at Wisconsin Public Service Corporation involving the Emergency Preparedness group for the Kewaunee Nuclear Power Plant. Upon further evaluation, additional changes have been made.

Effective January 1, 1994, the Emergency Preparedness Group transferred from the Governmental Affairs group of the Public Affairs Department and returned to the Nuclear Power Production Department. The entire Emergency Preparedness Group has relocated to the Kewaunee Nuclear Power Plant site and reports to the Manager - Nuclear Plant Support Services. This change has been made to provide on-site presence and visibility of the Emergency Preparedness Group and integration with the Kewaunee plant staff to provide a stronger Emergency Response Organization.

WPSC has concluded that this change strengthens the WPSC organization, is administrative in nature and does not involve a safety concern. This change will be incorporated into the Emergency Plan and the Operational Quality Assurance Program Description with the next annual updates. If you have any questions, please contact a member of my staff.
