

U.S. Nuclear Regulatory Commission Public Meeting to Discuss the Approval of the Westinghouse Hematite Decommissioning Plan

The U.S. Nuclear Regulatory Commission (NRC) is conducting a public meeting to inform interested residents and other stakeholders of NRC's pending issuance of amendments to the Hematite license (NRC License No. SNM-00033) involving approval of the Hematite Decommissioning Plan and the Hematite soil 10 CFR 20.2002 alternate disposal requests. NRC staff will discuss the results of its review of the Hematite Decommissioning Plan and answer questions from the public.

Date: Tuesday, July 12, 2011
Meeting: 6:00 p.m. to 8:00 p.m.

Place: Atrium
Best Western Shalimar Plaza
1200 Gannon Drive
Fetus, MO 63028

At the meeting, NRC staff will conduct poster sessions covering various aspects of its Hematite Decommissioning Plan review.

Further information on the meeting can be found at the NRC Public Meeting Schedule Website <http://www.nrc.gov/public-involve/public-meetings/index.cfm> or contact T.R. Rowe of the NRC at 1-800-368-5642, extension 8008.
