Mike Scott offered at the SOARCA schedule meeting we had earlier today to assist with the SOARCA schedule based on his experience and expertise in project managing large projects. I would like to accept Mike's offer and so I have asked him to work with Pat and Richard on developing a final proposed schedule for completing the SOARCA project. We would then use this to formulate our extension request.

I appreciate the hard work that you, Richard and Pat, as well as the SPB staff and others, have put into developing schedule options to complete the SOARCA project in a high quality and efficient manner. I understand how challenging this is – so I anticipate that you will find Mike an asset, as an experienced but objective partner, in developing a schedule that we will have confidence in proposing and meeting.

Mike is on CWS tomorrow, so he will be in contact with you on Monday.

Thanks all,
K
