In the Matter of
ENERGY NUCLEAR OPERATIONS, INC.
(Indian Point Nuclear Generating Unit Nos. 2 and 3)
Docket Nos. 50-247-LR/286-LR

Dear Administrative Judges:

In my letter to the Atomic Safety and Licensing Board ("Board") of June 30, 2011, I indicated that the NRC Staff ("Staff") had polled the other parties and participants in this proceeding, to determine whether they would favor, or oppose, adoption of the NRC's electronic filing procedures in lieu of the filing and service procedures currently used in this proceeding. I also indicated that all of the parties and interested governmental entities who stated a position had indicated that they favor, or do not oppose, converting to electronic filing procedures in lieu of the current filing and service procedures, but that no view had yet been expressed by the Village of Buchanan.

The Staff wishes to advise the Board that the Village of Buchanan has informed the Staff that it does not oppose the adoption of electronic filing procedures in this proceeding, in lieu of the current filing and service procedures. All parties and participants in the proceeding have now stated their views on this matter.

Sincerely,

A handwritten signature in cursive script that reads "Sherwin E. Turk".
