**SUBJECT: SUBMISSION OF EMERGENCY PLAN**

Dear Mr Wertz:

We have completed the revision of the UUTR Emergency Plan as a part of 100kW UUTR relicensing.

The enclosed please find the UUTR revised Emergency Plan – the blue ink letters indicate our new additions to the previous version. Please note that the procedures as added to this version of the Emergency Plan existed before, but we had to revise some of them to indicate our new names such as UNEP or UNEF. In addition, we have revised the procedure '2. Emergency Evacuation Procedures' to include a procedure during the MHA that would require evacuation of the Merrill Engineering Building. The new procedure added is underlined.

In addition, the UUTR relicensing will pose no request to change our current Security Plan (May 07, 2007) or our current Operator Requalification Plan (February 1996).

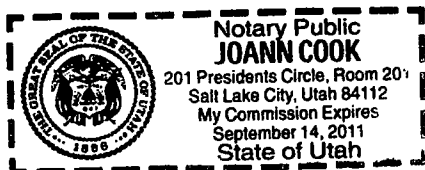

Sincerely,

Tatjana Jevremovic, PhD  
Chair Professor in Nuclear Engineering and Director UNEP/UNEF
