Great. I was going to summarize the call in an email but you beat me to it.

Hi

The SOARCA PM at SNL indicated that Susan called you yesterday. We understand that the discussion was general and that the message given was to ensure technical quality and that it is the most important issue. That said, timeliness is an issue as we all know.

Tomorrow SNL asked for a call with Richard and I. We had given SNL a SOARCA schedule that we asked if they could meet. We all met last week and today with Mike on the draft schedule.

(b)(5)

Bottom line, we told SNL a shorter period to ensure completion of documents and will talk to them tomorrow to ensure it fits with our schedule at NRC that includes the Steering Group, peer review, public meetings, office briefs, etc.

We will send you a summary of any discussion we have for your info.

Thanks,

*Pat*
