Subject: Need for clarification

Bill,

In reviewing the May 20, 2011 submittal, the staff has determined the following need for clarification. Both of these are related to proposed pages of the FSEIS that were contained as attachments to the letter.

Justin C. Poole
Project Manager
NRR/DORL/LPWB
U.S. Nuclear Regulatory Commission
(301)415-2048
email: Justin.Poole@nrc.gov

1) In reviewing data for the revised FSEIS, clarification is needed for TVA letter dated May 20, 2011. In *Enclosure 2, Attachment 4, Response to FSAR Chapter 11 and FSEIS, Chapter 3, Request for Additional Information, Proposed **Markups** for FSEIS, Chapter 3*, the revised Table 3-23 *Estimated Population Doses From Operation of Watts Bar Nuclear Plant, for the Unit 2 Evaluation* the value is 6.66E+00. However, in *Enclosure 2, Attachment 5, Response to FSAR Chapter 11 and FSEIS, Chapter 3, Request for Additional Information, Proposed **Clean Copy** of FSEIS, Chapter 3*, the Unit 2 evaluation value Table 3-23 is 6.66E+01.

Please confirm which value is correct.

2) Also, related to the above RAI, Table 3-23 does not have units.

Confirm that the units for the estimated population dose in the table are person-rem.
