Hostile Action-Based Exercise Scenario

- Initiated by hostile or terrorist actions
 - lead to simulated plant damage, a primary difference from traditional scenarios
- requires a coordinated Federal, State, and local response to mitigate the event while at the same time address the security situation

NRC Review of NEI 06-04 Revision 2

- NEI requested the NRC to review and consider endorsing NEI 06-04
- NEI 06-04 guides power reactor licensees' on performance of HAB emergency drills and exercises

NRC Review of NEI 06-04 Revision 2

- Current regulations do not require licensees to conduct a HAB scenario during EP exercises
- planned EP Rulemaking dated May 18, 2009, does propose a requirement for performance of HAB exercises during the 8 year exercise cycle

NRC Staff Evaluation of NEI 06-04 Rev 2

- Consistent with the intent of NRC Bulletin 2005-02
- Provides reasonable guidance for the development and performance of HAB drills and exercises
- as written, activities that are outside the scope of exercise evaluations performed by the NRC
- NRC staff recommends revision to include an appendix that consists of activities that covers the NRC's evaluation and inspection programs
- The comment matrix contains the staff's request for additional information (RAI), and items for discussion

NRC Staff Comments and Proposed Appendix to NEI 06-04 Rev. 2

- The Comment Matrix is provided as a separate document.

Proposed Extent of Play for HAB Exercises Under the New EP Rule

- NEI will lead a discussion on the extent of play for licensees during HAB exercises and the appendix to NEI 06-04 Revision 2
