**SUBJECT: Attention at the Region IV Office
Request for Amendment
License No.: 53-29020-01**

Aloha Ms. Roldan,

PSC would like to request an amendment to their license to increase their maximum possession limit to Cesium-137 (70 millicuries)and Americium-241 (350 millicuries), we are proposing to add two more (50 millicuries) Americium-241 and (10 millicuries) Cesium-137 Sourced CPN MC-2 and MC-3 Probes (Same manufacture in license).

Very truly yours,

PSC Consultants, LLC

Derrick S. Chan, Operations Manager/RSO
