1. I'm very concerned about a for-profit entity being involved in ~~this business~~ recycling ^{as many possible negative influences} facilities.
- Need for cost cutting ^{resulting} in risky practices
 - Shareholder pressure
 - Pressure from politicians

2. These processes involve potentially deadly issues.

a. ~~US Govt~~ is basically "self-insuring"

b. If there would be a major accident there could be huge damage.

- if an aquifer becomes polluted

- damage could be in hundreds of millions of dollars.

c. What ^{is maximum} level of insurance ^{now} ~~should~~ be required of a licensee for other facilities?

d. Would any insurer give 1.2 billion in insurance?

e. What happens if licensee is underinsured and declares bankruptcy?

3. It is a tremendous concern if more nuclear operations would be established here

- we ~~have~~ a major metropolitan area

- we have a great dependency on water here

- we have hot earthquake faults here
