Mr. Oscar Paulson,
Facility Supervisor
Sweetwater Uranium Project
Kennecott Uranium Company
Rawlins, WY 82301-1500

Dear Mr. Paulson,

NRC staff received your letter, "Request for a Five (5) Year Postponement of the Initiation of the Requirements of Timeliness in Decommissioning Pursuant to 10 CFR 40.42(3) for the Sweetwater Uranium Project", dated June 1, 2011. NRC staff acknowledged receipt of your letter in an email dated June 14, 2011. NRC staff has determined that sufficient information is available to conduct a technical review. During the technical review, NRC staff may request for additional information. This request will be in writing. The technical review may include the results of the upcoming site inspection in 2011 by NRC staff.

If you have any questions or concerns, please contact me at (301) 415-6252 or via email at James.Webb@nrc.gov.

Sincerely,
James Webb
Project Manager
