Subject: Permission to reproduce NCRP 160 Material

Dear Dr. Malliakos,

The following message provides NRC with permission to use copyrighted information for EIS Figure 3.12-1 (Major Sources and Levels of Background Radiation Exposure in the Vicinity of the Proposed FEP/DUP), within Section 3.12 (Public and Occupational Health). Proper reference to NCRP publication will be made in the EIS as NCRP requested.

Regards,
Lawson Bailey

Subject: RE: NCRP 160, Figure 1.1

Dear Lawson Bailey:

NCRP has reviewed your request to use the cited information from NCRP Report No. 160 (Fig 1.1) and is pleased to grant copyright permission.

Permission is contingent on appropriate attribution being given in your article to be published in the Environmental Impact Statement for the Proposed Fluorine Extraction Process and Depleted Uranium Deconversion Plant in Lea County, New Mexico. This attribution should identify the source (e.g., "Reprinted with permission of the National Council on Radiation Protection and Measurements, <http://NCRPpublications.org>).

Sincerely,

DA Schauer
Executive Director
