Subject: Maine Yankee Atomic Power Company Adoption of NAC-UMS[®] System, Amendment 5 Certificate of Compliance and Canister Registration

The purpose of this letter is to notify USNRC that all 60 NAC-UMS[®] canisters storing spent nuclear fuel at the Maine Yankee Atomic Power Company site in Wiscasset Maine will now be registered to NAC-UMS[®] System Amendment 5.

Maine Yankee loaded all spent nuclear fuel associated with plant operation into 60 NAC-UMS[®] canisters under Amendment 2 of NAC-UMS[®] Certificate of Compliance No. 72-1015, reference (c). Subsequently, Maine Yankee registered those 60 canisters with the

NM5526
NM55

USNRC to NAC-UMS[®] Amendment 2 through the 60 letters listed in Attachment A. By reference (h), Maine Yankee requested an exemption from one of the Technical Specification requirements contained in NAC-UMS[®] Amendment 5 Certificate of Compliance. That request was granted in reference (i).

In accordance with the regulatory guidance provided under 10 CFR 72.212(b)(2), Maine Yankee hereby provides notification that the 60 canisters previously registered to NAC-UMS[®] Amendment 2 (reference (c)), will now be registered to the NAC-UMS[®] System, Amendment 5 (reference (f)). Concurrent with this change, the current revision of the Final Safety Analysis Report for the NAC-UMS[®] System will become Revision 9 (reference (g)).

If you have any questions or require additional information concerning this notification, please contact me at 207-882-1303 or jconnell@3yankees.com.

Sincerely,

James Connell
Vice President
