Subject: Appointment Regarding Calvert Cliffs Nuclear Power Plant Unit 3

Mr Moore

I work for the Pacific Northwest National Laboratory that has been contracted by the Nuclear Regulatory Commission (NRC) to assist with the preparation of the Environmental Impact Statement (EIS) for the proposed Unit 3 at the Calvert Cliffs Nuclear Power Facility. My role is to collect information to support the socio-economic and environmental justice sections of the EIS.

If possible, Mr Dan Mussatti, from the NRC, and I would like to meet with you to understand any concerns or issues that you foresee regarding the effects of the Unit 3 construction and operation activities on the social services provided in Calvert County.

A site visit and public meetings are planned the week of March 17. Our schedule (Mr Mussatti and mine) would allow us to meet with you or a representative at your office during one of the following times:

- Monday March 17 at 1pm
- Tuesday March 18 anytime after 1pm
- Wednesday March 19 anytime after 1pm (note that one of the two public scoping meetings will be held between 1pm and 4pm)
- Thursday March 20 between 8 am and 11am.

Please let me know if you will be available to meet with us during one of these times (we anticipate that a meeting will last no longer than 1 hour).

Thank you and we look forward to meeting with you.

Tom Secrest
