RE: Projected Schedule for Completion of the Safety and Environmental Evaluations

Dear Administrative Judges:

Pursuant to the Board's Order of August 5, 2010 (Scheduling Initial Scheduling Conference), this letter informs the Board of the NRC Staff's current milestone schedule for the Diablo Canyon Units 1 and 2 license renewal safety evaluation and environmental review. In light of PG&E's status report filed with the Board on July 12, 2011, the Staff expects to finalize its safety and environmental reviews, to include issuance of the final supplemental environmental impact statement (SEIS) and any necessary supplements to the safety evaluation report or SEIS, between February 2014 and May 2014. This estimate is based on the applicant issuing its final report on the 3-D seismic studies by August 2013, as stated in the July 12th update.

Sincerely,
