**Subject:** Overview of Cyber Security Implementation Schedules – Revised

**Project Number: 689**

Dear Mr. Wiggins:

On June 8, 2011, I sent you a letter with a white paper attached that provided an overview of the industry's approach to and schedule for implementing the NRC's Cyber Security Rule. In subsequent discussions with the NRC staff, we revised the white paper to clarify one key priority activity and to address another activity not previously discussed. A revised version of the white paper is attached.

If you have any questions, please contact Bill Gross (202-739-8123; [wrg@nei.org](mailto:wrg@nei.org)) or me.

Sincerely,

A handwritten signature in black ink that reads "Douglas J. Walters". The signature is written in a cursive, flowing style.
