Re: License No. 13-32809-01

To whom it may concern:

We have recently sent you a request to amend our license to add Alan Coon, M.D. as an authorized user for the use of Ir-192 in a high dose rate remote afterloader. Our other physician William S. VanCise, M.D. will be leaving our facility in the month of August for another position. If you could expedite our request to add Alan Coon, M.D. to our license so we minimize any break in patient services it would be greatly appreciated.

If you have any questions, please feel free to contact us or our consultant, David Close at 440-350-1242.

Sincerely,

A handwritten signature in black ink that reads "Joe Gagliardi".

Joe Gagliardi
Chief Executive Officer
