SUMMARY

We have conducted a preliminary review your license amendment request and find that we are unable to continue this action until we have received information regarding the following:

1. The original application lacks a signature on the submitted NRC Form 313. A signature is required, as stated in 10 CFR 30.32(c). Please resubmit with an appropriate signature and date for a certifying officer.
RESPONSE: A signed and dated NRC Form 313 was submitted as an attachment to a facsimile dated May 26, 2011. No further action is required.
2. The application included a request to closeout the 5050 Schaefer Road location of use. However, no leak tests were provided. Please submit the most recent leak test results, as indicated on page 8-1, under Section 8.2, Licensee Actions, of NUREG 1757, Vol. 1, Rev. 2.
RESPONSE: A copy the leak test results were submitted, via facsimile dted May 26, 2011. No further information is required.
3. Survey information, included in the closeout report for 5050 Schaefer Road, did not individually list survey results by location. Please submit survey results for removable contamination, in accordance with 10 CFR 30.36(j) and 40.42(j).
RESPONSE: Surveys were submitted, via facsimile dated May 20, 2011. No single reading exceeded the allowable levels for unrestricted release. No additional information is required.

We have not requested that you submit any additional items at this time. No further action is required.

Should you wish to submit any additional information, please reference the Control No. 574735, listed at the top of this memo.

Please direct any questions you have to me at (630) 829-9892 or sara.forster@nrc.gov.
