SUBJECT: DECOMMISSIONING FINANCIAL ASSURANCE

The U.S. Nuclear Regulatory Commission has received NASA's decommissioning financial assurance Statement of Intent letter dated April 26, 2011. An analysis performed on NRC License No. 04-07845-04 determined that the current amount of decommissioning financial assurance is adequate. No deficiencies were identified in the Statement of Intent letter. You can contact me at 817-860-8189 if you have any questions about this matter.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

/RA/
