Subject: Reciprocity 2006 and 2008
(NOTE: This will be used as the Documents Title in ADAMS)

7/22/2011 10:10 Mr. Clough called and requested that I call him back about the failure to submit a reciprocity request in 2006 and 2008.

7/25/2011 11:00 I returned Mr. Clough's call. I confirmed that Trew Stone, LLC is a subsidiary of All States Materials Group/Warner Brothers, LLC at 901 River Road, East Deerfield, MA. Mr. Clough stated that he had spoken with Andrew Zwick of the Connecticut Department of Environmental Protection. Mr. Clough was concerned because Mr. Zwick had told him that registering with Connecticut was all that was necessary to perform the work as described to him by Mr. Clough. Mr. Zwick, as of July 23, 2011, still believed that only registration was necessary according to Mr. Clough. Mr. Clough now realizes that he should have filed for reciprocity but is concerned that Mr. Zwick may have given misinformation to other out-of-state companies. Mr. Clough was concerned about what type of enforcement action the company might be facing and whether anyone would be visiting the facility. He works out of state a lot and stated he would be in Rhode Island, Connecticut and Vermont as well as sites in Massachusetts this week. I stated I would inform the branch chief so that an inspector would contact him before the inspection to set up a date.
