Dear Ms. Parrish:

It has come to our attention that Amendment No. 17 to your NRC Material License No. 24-11585-04, issued on May 29, 2011, contained an error. Specifically, Subitem No. 8.V. listed a possession limit in units of "picocuries" when it should have been "nanocuries."

Enclosed is a corrected copy reflecting the accurate units of "nanocuries." The changes made to your license are in **bold** font.

We apologize for this error and for any inconvenience it may have caused you.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers. You may also contact me directly at (630) 829-9841 and my fax number is (630) 515-1078.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Colleen Carol Casey".
