FYI and any final thoughts

NRP- >>> Michael Johnson 02/15/2008 4:01:11 PM >>>

Thank you for your comments on the previous drafts of the SOARCA paper. Attached is a copy of the final draft that incorporates changes based on the comments provided. As this version is substantially different from the earlier version as a result of the collection of great input we received, we did not prepare a redline/strikeout document. We hope that the balance of the different views has been maintained. We plan to send the paper forward by COB. Jocelyn Mitchell (415-5289) would be glad to discuss the disposition of any of your comments.
