Don,

Attached is a copy of the NON-PUBLIC PROPRIETARY Safety Evaluation (SE) with Open Items for Chapter 8, "Electric Power," along with the associated cover letter. The original documents will be sent to you through the normal mail delivery service.

As indicated in the attached letter, the NRC will withhold the SE from public disclosure for ten business days from the date of the letter (July 25, 2011) to allow you the opportunity to verify the NRC staff's conclusion that the SE contains no exempt information. If within that time, you do not request that all or portions of the SE be withheld from public disclosure in accordance with 10 CFR 2.390, "Public Inspections, Exemptions, Requests for Withholding," the enclosure will be made available for public inspection.

Please provide your response by August 9, 2011.

Ngola Otto
Project Manager, US-APWR Projects Branch
Division of New Reactor Licensing
Office of New Reactors
