

August 5, 2011

The Honorable Paul D. Tonko
United States House of
Representatives
Washington, DC 20515

Dear Congressman Tonko:

On behalf of the U. S. Nuclear Regulatory Commission (NRC), I am responding to your letter dated July 19, 2011, in which you asked the NRC to support a request to address a monthly meeting of the Albany Torch Club on the issue of nuclear power plant safety and preparedness. We have spoken with the speaker coordinator for the club, Mr. Bob Mackin, on the club's specific interests as well as the schedule for making such a presentation.

My office is pleased to support this outreach opportunity, and are preparing a presentation to be provided to the club on October 3, 2011. The speaker we provide will be highly knowledgeable of NRC rules and regulations and, as suggested by Mr. Mackin, well versed on current safety and preparedness issues for power reactor licensees in New York State, most particularly the Indian Point Energy Center.

If you have further questions in this matter, feel free to contact me directly at (610) 337-5299.

Sincerely,

/RA/

William M. Dean
Regional Administrator
