Docket No. 50-331
Operating License DPR-49
-Extension to Response to Items A.- H.,
NRC Inspection Report 86-10

File: A-102
Reference: Letter, NG-86-2585 to J. Keppler

This letter requests the extension of a commitment to fully implement the NSOA methodology into a handbook to improve the quality of safety evaluations. Iowa Electric Light and Power is still working on this implementation, however, due to an extended and sudden illness of one of the principals involved in this work, we will not be able to comply with our set commitment date. We, therefore, request that a new date of March 1, 1987 be set as the new commitment date to complete the efforts of the NSOA.

Very truly yours,

R. W. McLaughly
