JUN 28 2011

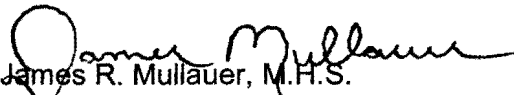

Dear Mr. Sherman:

This refers to your request dated March 29, 2011, requesting termination of your NRC license No. 21-08606-08. On March 29, 2011, in an email to Heather Ramsey, the Commission request additional information to support your request for license termination. As of June 28, 2011, the requested information has not been provided. Therefore, this request is being voided without prejudice to resubmission. Barbra Dotson of your staff was notified of this action via email and voice mail on June 28, 2011. In addition, your NRC license No. 21-08606-08 will be renewed in accordance with your request dated September 30, 2010, for a period of 6 months. This should allow enough time for you to provide the requested information in support of your termination request. The renewal will be provided to you in separate correspondence. When the needed information to support your termination request is available, you may provide this information in a new amendment request.

If you have any questions or require clarification on any of the information stated above, you may contact me at (623) 214-5213.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

James R. Mullauer, M.H.S.
Health Physicist
