ATTN: Mr. Duane Arnold, President  
Security Building  
P. O. Box 351  
Cedar Rapids, Iowa 52406

Gentlemen:

In the Amendment 16 to the license application for the Duane Arnold Energy Center (DAEC) dated December 7, 1970, you provided the design criteria for the Duane Arnold Energy Center emergency cooling-water systems and an analysis of the flow and temperature characteristics of the Cedar River.

We have completed our review of this information and find the proposed design criteria acceptable.

Sincerely,

Original signed by  
F. Schroeder
